

WIRELESS, HIGH SPEED INTERNET NOW AVAILABLE TO GUESTS AT SHANTY CREEK RESORTS

Bellaire, MI Shanty Creek Resorts has announced that guests visiting the resort can now take advantage of wireless high speed internet in all three of their villages. The high-speed wireless and wired network at Shanty Creek Resorts was recently made available to all guests as part of the resort's commitment to outstanding service and current technologies.

“Offering this service at Shanty Creek is important to us because we value every guest,” says Scott Maison, Director of Lodging at Shanty Creek Resorts. “We strive to provide the tools necessary for our guests to be comfortable at their home away from home.”
